TELEPHONE CALL TO MR. SEBALD

The Sec. said he was looking at the cable for Saigon re Collins coming back. The Sec. felt it was going to make Collins feel he is being recalled in disgrace. Should he be out before Reinhardt gets there? S. said they feel it is better that way. Why? S. said it is generally better there is no overlap. The Sec. started to make a suggestion re wording and making it on the basis of a break in the situation there and then asked S. to come up. (I believe he dictated something else.)
